“Mrs. Fish was such a wonderful person and teacher. She was my first grade teacher at Zalma, MO. I remember being excited about learning new things due to the rich learning environment she established. I recently reconnected with Mrs. Fish during the birthday card
 marathon for her 90th birthday. I so enjoyed reading the letter that she sent to me describing events from her life. I treasure that letter. I send my heartfelt condolences to her family and friends, particularly her children, Dale, Helen, and my grade school classmate, Jon. Thanks for sharing your Mom with so many.

“Angels in Heaven rejoice that a very special lady has come home. I wish that I could have known her longer. She was such a blessing to me when my husband passed away sending me words of comfort. I felt she really knew what I was going through. Rest in peace, Electa.”
