“ *Amanda was my niece. She was taken from us way too early. Amanda was a very kind and generous soul who lived for her family and friends. She took time to look after her grandparents in their time of need. It is sad that she had so little time left for herself. She will be missed by all who knew her.* ”

It is hard to believe Amanda has been gone just short of a year. I only knew her for 3 years as she was my manager at SMS. She was so easy to work with, always protecting me from the ravages of daily business life. We shared so much of each other's life and I miss her terribly. Al Shuman
