“ Tony lived down the street from us. We thoroughly enjoyed talking with Tony in the neighborhood and at Lowes. He will be missed

Bill/Kristi Witt - May 17, 2021 at 12:00 PM

DS

“ Tony was my friend and also a family member in the eight years working at Lowe's in Owasso. He was always willing to help me even if he shouldn't have. We worked together as a team always jumping in to keep the department working. My best times was when we had our pro events he would always make the burgers and hotdogs. Get done and say " I smell like a fry cook in the kitchen ".A lot of great times at work over the years. We tried to keep in touch as he had to stay out of work because of covid and came in the store to see us always checking on us when he could. We have lost a brother, but gained so much from him every day at work. My deepest condolences to BJ and family. From Dave, Angela

“ Jane and I were saddened to hear of Tony's passing. We became good friends when Tony and I were in the Navy and stationed together in Williamsburg, Virginia. Tony was the Godfather to our daughter Celeste. Jane and I traveled to Long Island, New York as Tony married his wife BJ, February 14,1970. Our lives took us in separate directions as our military careers ended. We kept in contact via phone, emails and always a Christmas card.
May you Rest in Peace, our dear friend.

Jane, Jim,Celeste and Philip Forristal
