“ My condolences to all family and friends in mourning the passing of Art. I enjoyed the many years that I got to work with and get to know Art. He was well respected and was a great educator to many who passed through the Oxy tax department over the years. His contributions live on. A couple great memories were how entertaining and lively he was during social times at tax conferences and at his retirement celebration a fitting song parody “How Great is Art” was performed.

*May his reward be set and rejoice in the peace of heaven.*
