“ *'I am so honored to have known Austin and shared in a piece of this life. Being his HST teacher at Tulsa Tech was a joy. I have only wonderful memories of him and our time in class. I can see him goofing around with his classmates and dancing to "Watch Me (Whip/Nae Nae)." He was an amazing and caring young man. He will be greatly missed by all who knew him and he will forever hold a special place in my heart. My students become my children and Austin was no exception; he was one of my "kids" and that will never change. May we meet again in Heaven when my earthly journey is over.'*
