“ I was living in buena park when bill got his funny car. I must have been about 12 or 13. Whenever he would fire it up i could hear it from my house around the corner and i would jump on my bike and ride over there. Bill never would chase me off. He would let me hang around while they worked on it. He was a great guy. I was very sorry to hear he passed. I would follow him around during football games at bphs. He was a great linebacker. I think thats where he played. Im going to think of those days and smile. He was a great man. Rest un peace bill.

“ *My heart is broken! Bill, I always loved that, anytime I came to chat with Jodi, it ended being time to visit with both of you! We didn't get together as much as we would have liked, but when we did, it was never less than 1 hours and often longer. You will be missed by all who knew you, and I will forever treasure those visits with you both!*
