“ *We are deeply sorry for your loss Paul and family. Carla was the best. She took very good care of my Charlie, Lucy and Snoopy. Charlie loved Carla. Everytime I mentioned her name he would go to the door to go see her. Carla will be deeply missed by all. Praying for the family.*

“ We have been going to Mingo Road Veterinary for over 25 years. Our Maggie #2 was a tiny puppy when she accidentally broke her leg. I did not like the way the vet we were going to treated her, so we ended up at Mingo Road and Carla has been grooming our Yorkies for years. We have moved to Wagoner after retiring, but had decided that we would continue to take the girls in as long as they were alive. We are absolutely heartbroken, first for Paul and their sons and then, for all of us who will miss everything about Carla. We are so very sorry for their loss and sad that we will not be seeing Carla anymore. Rest in peace, Carla. You WILL be missed. Blessings and comfort to your family.

“ For the past fifty years Dr. Paul Aldridge has been my cats, (many of them) doctor. At some time after their sons were older she began working with him at Mingo Road Veterinarian Hospital. Over the years we had many meaningful, informative and humorous conversations! She was beautiful inside and out! I looked forward to seeing them once or twice a year and felt like we were family. I will miss her friendship! She came to work with makeup in place, nails manicured and every hair beautifully in place, even when she wasn't feeling well. Rest in Peace my friend! I asked her if I could pray for her the last time I saw her and she said she would appreciate it. My prayers continue for her family! Nancy Moore

“ *Carla and I loved to go skating at "The Wheel" in Mohawk Park. We went every time the doors were open. That is where she met the love of her life, Paul Aldridge. Paul's dad and mom were the owner/operators of the skating rink. We had so many fun times there. We were best friends first and cousins second. Since we lived on the same street, our families were blended for a total of 11 kids. It wasn't beneath her mom to correct me for something I did wrong. She would always say: "Pooch it out, little girl!". Sometimes I could make Aunt Margaret laugh and get out of the smack and other times I got a swat on the lips Thanks for all the fun memories you gave me, Carla.*
