“ I just saw that Dr. Truett had passed from this earth. I know he is with the Lord. He was a man of faith who loved the Lord and loved his family. I was his nurse for several years in Tulsa and in Owasso. He was my personal physician who also took care of my parents and my daughter. I was blessed and honored to have known him. Lisa, my thoughts and prayers are with you and the rest of the family. God bless you and give you peace.

“ Doctor Truett was my Doctor for many years in owasso. He always cared and would listen to your issues especially prescription medication. I couldn't ask for a better quality Doctor. My only problem I had was he loved to talk and would put me a hour wait past my schedule time. But that means he cared enough to have a relationship with his patients. I hope others will learn from his bedside manners and the care he brought to many.

“ Dr. Truett was our family doctor for many years when he practiced in Owasso. We will always be grateful for his personal attention to our health concerns and his willingness to advocate for his patients. His career was truly a ministry to others. He always took the time to ask about our other family members, especially my father who he had helped guide through his cancer journey. He was appreciated so much by so many members of the Owasso community and will always hold a special place in our hearts. Jeanne Hancock and Family
