“ *My heart and prayers are with your family. I met David about 10 years ago when I called to get a quote for a new roof. He told me he couldn't do it that day because he was on his way home. He said his kids were the most important in his life. Right then and there I knew I liked him. I told him I understood and that's how it should be. About 25 min later he pulls up in front of our house. I go out and asked why he was here. He replied it was on his way. We ended up giving him the job. From that point on whenever we needed something done we called David. Through all the times David did work for us he talked about his wife and family. He had so much love and pride for all of you. From all of our conversations I felt I knew all of you and I have never even met you guys. My heart is broken and words are not enough. The world will not be the same without your parents in it.*
