“Doris was absolutely, without a doubt the most kind, gentle soul I have ever worked with. Many lives were touched in a positive way by the way she lived her life; as an example of love and tenderness and caring--especially about her family. She loved them deeply and we all knew the names of her family, it was a natural thing for conversation because of the love she had for them. She was so proud of her children and grandchildren-- I am so sorry for your loss, she was so special in many ways-- May love and the treasured memories be of support and your guide in this time of loss.
