“ I was a classmate of Jim at Benson High School in Omaha Nebraska.
After Jim became a physician and I a representative in Pharmaceutical Sales, I had the pleasure of calling on Jim for forty years.
Always the consummate gentleman, a competent and caring physician who was loved by his patients; Jim will be missed by many.

“Little Jimmy Cummins” my name for him.
Dr Cummins taught me as med student
Instructed me as a resident
Mentored me as a partner for over 25 years. While he taught me the practice of OBGYN, more importantly he was an example of a caring and compassionate physician. Easily one of the finest OBGyn I have encountered in over 40 years. He easily delivered over 10,000 babies and each one was a gift to him.
Jim was one of my finest friends whom I will miss dearly. I always thought his only weakness was he didn't have the ability to say NO! Turns out, That was his most Christ Like attribute.
Rest in Peace my brother and friend

Dr Cummins was more than my Dr, he was a friend. He delivered both of my children, he made a bet w/me, I couldn't guess the sex of both my children. I had a boy first & a girl second. Guessed them both. He told me I wouldn't bet the house on it. I didn't want to know the sex of them till they were born. He was there for me when my husband got cancer, & w/me when he committed suicide. I called him one time when I needed help & one of his daughter's was getting married at that time & he took his time to talk to me. My son was born on April 3rd & my friend & wonderful Dr died on the 4th of April. I'm now married again & a First Lady at a church. The Lord calls home the best. Thank u for everything & being my friend & Dr. I just learned of ur passing. I didn't know till now. Will always remember u, we have u on tape delivering my son in 84 & my daughter in 89. U had a student there who was scared of blood. RIP Dr Cummins, thanks for the memories 🙏😭💔
