

Elyse Aria Schroeder

December 20, 2019 - July 4, 2024

Elyse Aria Schroeder, adoringly called Ellie by friends and family, packed a lot of life into a short time. She loved adventures, pushing herself out of her comfort zone, learning, dancing, singing Let It Go with a depth of feeling that seemed too profound for such a little girl, playing with her twin brother Charlie (aka "Bubby"), swimming and diving 10 feet deep to the bottom of our pool to gather toys, making new friends at school, in the neighborhood and even with complete strangers at the playground. She had a magnetic energy that pulled people to her...it was deeper than just her outward beauty and dazzling blue eyes. She was obsessed with her pet dogs and cats and was a natural mommy to all her stuffies and baby dolls. Ellie liked to make up songs and the words typically centered around loving her family, naming each member she loved: her mommy, daddy, Bubby, big sisters Carley and Riley, big brother Maddox, grandparents, aunts, uncles, cousins, and pets. Ellie felt things deeply and shared her love without boundaries. She cuddled hard and told us she loved us with all her heart everyday. To know Ellie was a blessing. To be loved by her was the greatest gift from God. We miss her presence achingly, but will hold her love inside for eternity.
