“ Gary, I find it hard to narrow down which memory to share, or to find words that can express how much you mean to me. I've told Sami all about you, Julie, and Bo - so much that she feels like she knows you all! I'll keep an eye on Kristy for ya and if she gets out of line I will make her do an underwater basketweaving class. “Bill it to the room!” Thanks for the memories and thanks for being so good to me (and to my brother Mark when you took time to let him interview you for his elementary school project). You will always be a hero to me.

Love, Amis

“ For many years, my relationship with Gary was not the greatest. We both loved my sister so much. In the last 3 years we had buried the hatchet and we both agreed that loving each other was easier and so much better. I will forever be grateful for Gary's love for my Sis and their entire family. Fly high my Brother and I will see you all someday. Love Becky aka "bitter but"
