“ *'Jerry was at American Airlines hen I arrived in 1989. At least that"s how I remember it. In Planning. He was always here. Always kind, always calm. Always..... He took care of retiring aircraft. He helped me to figure out how to maneuver within all the processes to get things done. Always patient..... He went through life, like the rest of us, with good times and bad, at work and home..... He was "real". And missed..... Thanks for your support and friendship, Jerry. Fly high.....'*

“ 'Jerry and I formed an instant friendship in 1986 when we first met
while working for AA. Over the years we worked on many projects
together both at the base and around the country. I'll always have
great memories of the motorcycle trips we took over the years. Jerry
was truly a great guy and will be missed by all those who knew him.
Goodby my friend and thank you for allowing me to have the honor
of knowing you.

“ *'Jerry always greeted everyone with a warm gentle smile. Our friendship stretched over a quarter century working in commercial aircraft maintenance and engineering and was always impressed with his meticulous planning skills. We shared many delightful conversations and laughs regarding stories of Minnesota humor and funny stories from "A Prairie Home Companion," produced by Garrison Keillor, American author, storyteller, and humorist. My thoughts and prayers are with his family. '*
