“ Jimmy,

Thank you for being that great guy that always did his best, and went above and beyond. You came to see my Dad when I was sitting with him before he passed. That was the last time I saw you. You did your best to lift us both up. I know your spirit will go on to find the greatest peace. You are missed

with love,

Jeff Martin

“ Jimmy, I wish I would have had the chance to say goodbye, the world feels duller without you here. I hope you have found peace.

Thirteen years of memories, its really hard to choose was of my favorites- but I can think of one that really helped shape the way I am today. I remember getting off work and all of us going to Piccolo Mondo, I had ripped jeans, no make up and the signature messy bun— when we walked in, everyone was was wearing sun dresses and fancy hats. I remember feeling out of place and underdressed and I said we should probably leave - and the only thing you said was “my money is just as green as theirs!” Though a simple gesture - I have always admired how you did not care what people thought of you and you just lived your life they way you wanted to. Being 100% authentically me and not allowing others opinions drive me is something id like to say you helped me with -

Jimmy, you are missed and loved.

Always,

Taylor Ward.
