“ Joe and Judy were good friends of ours during ophthalmology training at UCSD. He would practice magic tricks for us but would never divulge how they were done. One time Joe called one of our staff retinal surgeons and told him there was a gorilla at the San Diego zoo with a retinal detachment- Dr Goldbaum rushed over there and was told it was a prank. Joe had a great sense of humor but sometimes his pranks went a shade overboard :) Bruce Haight (San Diego)
