“ Josh,

I am remembering everything we went through in HS together and later when we served together. You drove to see me in California at the drop of a hat when I need a brother the most. You spent a whole month with me when I hadn't been home in four years and it was like time had stood still and we picked up where we left off. We have jokes that lasted our whole friendship. You are one of the longest lasting friendships I have had and will have. You were then and forever will be my brother.

*I love you
Til Valhalla*
