“ My most fond memories of my Mimi, were the consistency and stability she gave to me, and it didn't stop there she had so many children, grand children, and great grand children that feel the same. No matter how much change I went through in life from my parents divorcing to deaths in the family, life changes, the amount of children I had (there's 4 from me), my Mimi was always there. The same with the newest addition as she was with the rest of the crew. She loved making new treats and during the holidays as much as everyone loves gifts my favorite gifts from here were her home made snacks she would put in little treat bags in our stockings. The jello jigglers that she made every occasion, were especially special. There was one year in particular, I was maybe 14 or 15 and we were having a thanksgiving dinner at Mimi's and she was making gravy but this time it was in the microwave. Well it said to cover and shake to thicken the gravy so that's what she did and as soon as she sat it down from shaking it the lid busted off the top and brown gravy went everywhere, I just remember her laughing and saying well there was a thanksgiving dinner bomb I wasn't expecting, and I just always appreciated how even when everything can be going wrong my Mimi was so optimistic and able to turn everything into happiness. I will miss her every single day.

“ Karen will always be remembered as one of the most selfless, kind hearted and loving person. She always had a smile and a hug. Our visits were spaced with a lot of time between but she always made it feel like no time was lost. Karen cared so much for everyone in her life. I'm saddened that the world lost such a beautiful, bright shining light (desperately needed in today's world) but heaven no doubt gained another angel.
