“ Susie knows how to make others comfortable in an instant. She's always ready to assist. She accommodates my inquiries to her pathology world with genuine interest to help. She even makes me feel good asking to what I call dumb questions. Her laugh was infectious. It was my pleasure knowing Susie. She will be greatly missed.

“ To Susie Family, I want you to know that Susie has had and will continue to have a marked positive impact on my life, since I started at RML 22 years ago. We both started the day quite early (and also left late most days) and I could always count on getting a laugh to start the day as we shared things happening in the office, with our families and in our world. We would always try to motivate each other to leave early. One day Susie came to my office at 6:30 PM and told me she received a call from the President of the United States asking her to tell me it was time to go home. About 1 year into my tenure at RML Susie made Embroidered Christmas stockings for my entire family, we have used those stockings every year for the last 21 years and they will continue to remind us of the absolute Blessing that Susie has been and will continue to be, as her memories live on and continue to impact her family and friends. Godspeed Susie as you arrive home in the arms of our Lord, we will meet again.

“ Susie became like a second mother to me over the last 7 years at RML. I always enjoyed going to her office to talk about work because I knew we’d end up talking about life and sharing stories about our families. There wasn’t ever a time when she didn’t mention her grand babies. Replaying the memories of the past weekend to me would get her belly laughing to the point of crying a few times, and it would get me laughing too. She was always so supportive and kind to me no matter the circumstance. She encouraged me to do what was best for my family, and I know she did that because her family was what was most important to her. Susie was so talented and I admired her crafting and sewing abilities. She even took the time to make baby blankets for both of my kiddos which I am thankful to have now more than ever. I miss her so very much. Susie was not only an amazing mentor who worked harder and longer than anyone else, but she was a wonderful person. She was so loved, and still is!

“ Sarah, so nice to talk to you today... I want you and your family to know what a pleasure it has been to work with your mom all these years. She was a consummate professional and cared so much for the quality of the work that she did. As remarkable as she was as a lead IHC tech, she impressed me even more as she transitioned to a AP manager. Her fairness to all, patience, and problem solving abilities exceeded all my expectations. She was very special to all of us!

“ To the family of Susie Guilfoyle,

*Susie was ALWAYS a breath of "fresh air" whom I just enjoyed stopping and talking with. She was vibrant, intelligent, hard working and always with a smile. Even though I was in CPCL and she was in APCL we still worked together on some very stimulating projects and I enjoyed every minute of her fellowship. Sometimes one just does NOT have the words to express their true appreciation of another person and that is how I feel in trying to do so. I am delighted that I had the opportunity to work with her for over 26 years. She was a blessing to all she touched. She is missed. Thank you for sharing her with all of us.*
