“ Will always remember teaching her to drive in the church parking lot before she was really old enough but she could be imperious and persuasive and was her Auntie Corinne’s little heart shaped faced angel. She cared for others and warned me when she thought I needed to hear or know something. She was a force to be reckoned with when we were around her in her younger days and am sorry distance and circumstance did not permit our staying closer over the years. She was like a little sister and her mom was my “ Other Mother “. All her family were family to us and we still love them and think of them as if they were more than just God’s family members.
