“ I just learned of Mike's passing and immediately my thoughts went back to our youth in Portland, Maine. I was a classmate of Mike's and have very fond memories of the time we spent together when we were young. It may sound strange, but although I hadn't seen Mike for many, many years he remained in my thoughts and prayers for as long as I can remember. One of my fondest memories was the first time we went to a pit and shot a rifle. I can't remember where it was but it left a lasting memory with me. And our times spent together at the Portland Boys Club were also get memories.

I had been away from the Portland area for many years but now live in Standish.

My thoughts and prayers will continue to be with all of you.
