“ *My sweet cousin Bobby was a wonderful cousin to have. In the summer our families would get together with our aunt & her family when they came for a family visit. One of our girl cousins was petrified of the insects. So we would gather a lot of real “ Junebugs” and put them down her blouse ever so often and she would scream so loud. She would holler at us while we laughed.*

“ *Bob was one of the nicest most caring person I ever met. Introduced him to his 1st NY style Egg Cream. He loved it! Gave him the recipe (Fox's Ubet chocolate syrup, milk, seltzer, and gave him a bottle of Fox's to bring home so he could make it properly!*

“ I am saddened to hear of the passing of Bob, a great human being and a long time colleague of mine. When I was a rookie, he treated me with dignity and respect and years later, when I was a manager, he was still very respectful. I judge a fellow man by how he/she treats others and Bob was up near the top. My condolences to all of the family.
