“Gene was not only my employee but he was a close and dear friend. We talked about many things but things always came back to two things...first of all the Lord our Savior and second...cars! He was a unique individual...always had something to say but always willing to listen...will miss his laugh. Glad I just happened to be there at the end...I know now it was God ordained for me to be with him...special person and a tremendous friend to everyone.
