“ When I worked at White Mart, Ruby worked for us. Great sense of humor and great for the store. Until she started talking about Tony and I when we were babies. Great lady.

“ Ruby was a wonderful lady and great aunt! I remember when I took her sister, Lorraine, my three boys and nephew to Ruby's house for the afternoon to play on the farm. The kids had a great afternoon playing in the yard, gathering frogs, chasing the dog and running around! Great times were had by all!

I also remember when aunt Ruby came to spend a few days at Lake Okoboji with the family.
