“ *I will always remember our last conversation and your spirit and how you loved your girls. I am just at a loss that you are gone from your girls. We will do all we can to help them through this. As I read how many people have such terrific memories and things to say about you, and how much you meant to so many, it makes me sad that I don't think any of us ever take the time to tell people what they mean to us on a daily basis until it's too late. I would challenge each of us to go out into the world and let our friends and family know what they mean to us, even if it's been forever since we've seen them. Do it in memory of Tommie. Praying for your sweet girls and your entire family. '*

“ *'Tommie, you were one of the very 1st friends that I met at Mills and we remained friends all throughout HS and everything in between.....(all the times we"d walk up to the big toy at Mills if it could talk we would have had to tear it down!) playing tennis at Elm Creek Park, riding bikes, sleep overs....there"s so much more I could and want to say. You always had a smile on your face and truly had a heart of gold. When Jeff"s mom was in the hospital, not getting better, I don"t think you ever left! You were there for Jeff, me, and most importantly for my kids. I know I thanked you then & hugged you a trillion times but it will never feel like enough for me. Your precious sweet girls, that I KNOW you loved so very much, will be in my thoughts and prayers as well as your entire family. You are at peace now. I wish I had known how deep your pain went so maybe I could have helped but I know in my heart there was nothing I could have done.....Your smile, laugh, & you always up for whateve'*
