“ Wanda was always joyful and happy to see everyone that came by to visit. We always enjoyed her smile whether we visited her and Ray or just driving by the house with her and Ray sitting outside on the porch.
We will miss her smile when driving by and not seeing her.

“ Blessed to have known Wanda (Ray too). I always loved seeing Wanda's smile and the joy she brought, especially during the holidays, but really all the time. Not sure that I've ever seen her without that smile.
