“ Wanda and our family have been a part of each others lives for over 40 years. Her parents and mine were friends. She and I were in each others weddings and we all attended church together for many years. Some of my favorite memories were when we all used to go to the lake together. There was always laughter, water activities and good food. It's very rare that friendships span generations and last that long. I'm thankful for my friendship with Wanda and the blessings her family still are to me. We have always considered each other family and I am grateful they are part of mine.

Wanda, you were the nicest person I have ever met. You not only talked the talk you walked the walk. We hear all of the time to tell your friends and family you love them because tomorrow may not come. That's exactly what Wanda did. Every time we talked you spent 20 minutes telling me how much you loved me and that I'd be your best friend forever. You treated all people this way. I am a better person to have known you and been your friend. I love you and I will never forget the laughs we shared and there sure were a lot of them. See you in Heaven my friend and we will laugh and hug again.
